

Guten Tag and Konnichi wa!

The World Language Day Camp offers young learners ages 6-16 a passport into another world--a world filled with new language, culture, friends, and, of course, fun!

Join us this summer as we proudly welcome **Japanese** as our **new language** to the camp!

At **The World Language Day Camp**, an immersion environment inspires young learners to attain German or Japanese in natural daily settings. It is our goal to create an authentic total-immersion environment by speaking German or Japanese with each other throughout the day.

Upon entry to the camp each morning, through lunch and snack times, into the large and small language learning groups, and during activity periods and **weekly fieldtrips***, learning German or Japanese language and culture is the focus of our program.

We are also proud to offer new exciting programs this summer in both German and Japanese specifically designed for your pre-teens and teenagers!

No prior language experience? No problem!

We welcome and encourage young learners of every level at the World Language Day Camp!

Our program and activities are learner-centered and specifically designed for beginning language learners through native speakers.

This camp is especially suited for:

- Introducing young learners to foreign languages
- Returning participants from past summers
- Young learners from other immersion programs in the greater Portland Metro Area
- Native speakers
